DETAILED ACTION

Allowable Subject Matter

1. Claims 21-33 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art of record fail to teach or suggest alone or in combination, the combination of limitations: "means for securing the rear wall member to an antenna of a wireless telephone comprising an upright oriented tubular collar connected to the rear surface of the lower portion of the rear wall; the tubular collar having an open top end and an open bottom end and a height H1; the tubular collar having a minor chamber extending from the open top end to the open bottom end; an aperture is formed in the rear wall member in communication with the primary chamber and the minor chamber" as claimed in claim 21. It is for these reasons in combination with all the other limitations in the independent claim 1, that claims 21-33 are allowable over prior art of record.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
